

Bridging the Horizon

Virtual round table for European and Israeli innovators

Join an intimate table and build a winning consortium!

The table will focus on:

AI enhanced robotics system for smart manufacturing

Energy, water and industrial waste solutions

Optimising flexible industrial processes

Reducing environmental footprint

Who?

- Experienced organizations with a track record of consortium submission in Horizon projects
- Leading researchers, corporates and government from Europe and Israel
- Invite-only

Why?

Practical discussion to design an initial concept for the consortium

Hand-picked, experienced, motivated and influential participants

Organic and effective Matchmaking

Utilizing EIT and ISERD broad network

When?

12 April 2021, 14:00-15:45 CET

Event Agenda (CET):

- 14:00 Introduction & Horizon Europe Topic Overview
- 14:20 Introduce yourself:
3 minute participants pitch
- 15:20-15:45 Interactive discussion to co-design an initial concept
